School Annual Education Report

August 13, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for the Boyne City Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Michael Wilson, middle school principal, for assistance.

The AER is available for you to review electronically by visiting the following web site www.boyne.k12.mi.us, or you may review a copy in the principal's office at your child's school.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school was identified as a "FOCUS" school in the area of writing for our results on the MEAP test during the 2011-2012 school year. As a school, and as a district, we understand the importance of writing across the content areas to help students make strides in their writing capabilities. By gearing professional development opportunities towards making students better writers, we have already seen positive strides to address the achievement gap. In addition to this, we will be implementing our school wide mentoring program to assist our economically disadvantaged population. As the data suggests, this is the population contributing to the largest gaps in student achievement. By giving these students a little more time, attention, and instruction, we hope to close the existing gap. These students have been identified, and will be working closely with caring adults to assist in their daily struggles.

State law requires that we also report additional information.

1. Boyne City Schools assign students to specific schools according to grade level only, inasmuch as there is presently only one Elementary School, one Middle School and one High School in our district. Boyne City Public Schools welcome students who reside within the Charlevoix-Emmet Intermediate School

District (ISD) and live out of the Boyne City School District through open enrollment and are accepted based on available space.

2. The school has maintained school improvement goals in the areas of Reading, Writing, Mathematics, Social Studies, and Science. Progress toward the goals is monitored and goals are adjusted yearly.

3. Boyne City Middle School follows the Michigan Department of Education curriculum, available for viewing at <http://www.michigan.gov/mde>. District department teams and teachers coordinate the efforts of K-12 subject area curriculum committees to review, evaluate, develop and write curriculum and assessments. This ongoing, cyclical process includes research, analysis of current practice, selection of appropriate resources, and implementation.

These same department teams also meet to assure alignment across (vertical articulation) and within grade levels (horizontal articulation). Most grade level subjects in the Middle School are taught by one teacher, which would assure horizontal alignment. However, in any instance where that may not be the case, horizontal articulation assures that all students have access to the same curriculum regardless of the teacher to whom they are assigned. Vertical articulation addresses the transition between one grade or subject level to the next. The district curriculum is aligned with the Michigan Department of Education Grade level Content Expectations and we are working towards a transition to the Common Core State Standards.

4. The following chart shows the percentage of students proficient on the Fall 2013 MEAP test:

Reading 5 th Grade 86%	Math 5 th Grade 58%	Science 5 th Grade 38%
Reading 6 th Grade 74%	Math 6 th Grade 59%	Social Studies 6 th Grade 49%
Reading 7 th Grade 64%	Math 7 th Grade 42%	Writing 7 th Grade 52%
Reading 8 th Grade 74%	Math 8 th Grade 44%	Science 8 th Grade 37%

5. 96% of our student body was represented by their parents during our parent teacher conferences.

I am proud of our students, parents, teachers, and community members for the positive impact they have made on our school. We will continue to grow every day, while working towards the common goal of seeing our students shine. Thank you for all that you do; it is because of you we continue to grow.

Sincerely,

Michael D. Wilson
